LECTURE SERIES

榮譽論壇  
之  
領袖演說系列

**Date:**  
2009.10.14  
(Wednesday)

**Time:**  
5:00 p.m.

**Venue:**  
Auditorium II  
International Library  
University of Macau

**Medium:**  
English

*University of the Past, University  
for the Future*

by

**Prof. Franco MALOBERTI**

Prof. MALOBERTI is a distinguished scholar in the field of microelectronics with impressive research achievements, especially in integrated circuits design for data converters. He has written many academic works on this area and has published many outstanding academic papers on IEEE journals. He is among the three most famous scholars in the world in the field of data conversion and signal processing.

He was the recipient of the 12th Pedriali Prize in 1992 for his technical and scientific contributions to national industrial production. He was co-recipient of the 1996 Institute of Electrical Engineers Fleming Premium, the best Paper award, ESSCIRC-2007, and the best paper award, IEEJ Analog Workshop-2007.

He was the President of the IEEE Sensor Council from 2002 to 2003, and Vice-President, Region 8, of the IEEE CAS Society from 1995 to 1997. He once served as Associate Editor of IEEE TCAS-II. Presently he serves as Professor of Microelectronics at University of Pavia, Italy, Head of the Micro Integrated Systems Group of the University of Pavia, Vice-President (Publications) of IEEE CAS Society, and IEEE Fellow.
